

Blenda Smoothie Bikes Venda

 [blendavenda_smoothiebikes](https://www.instagram.com/blendavenda_smoothiebikes)

Welcome to Blendavenda Smoothie Bikes!

We would love to bring our unique Smoothie Bikes and Smoothie Packs to your event. Throughout South Africa, our Smoothie Bikes have been causing a stir at many different events – from wellness and sports days, to conferences, exhibitions and product launches. We are passionate about bringing a fun, healthy, interactive activity to your event.

So, how does it work?

It's easy! Simply load the blender with one of our delicious in-house Smoothie Packs and a small amount of fresh juice; get on the bike and cycle for 500 metres; watch the blender whizz into life.

Not only will the person pedalling love cycling for their smoothie, but a cheering crowd is sure to gather. This is great for events which aim to engage the audience in a social and uplifting activity.

Our Smoothie Packs

We take pride in producing great tasting smoothies at all our events. In order to make this as easy as possible, we supply individual 130 gram Blendavenda Smoothie Packs. Our Packs come in a variety of flavours and are designed to be kept in the freezer. When attending an event, we can supply a freezer stocked with the number of packs that you require.

The Setup

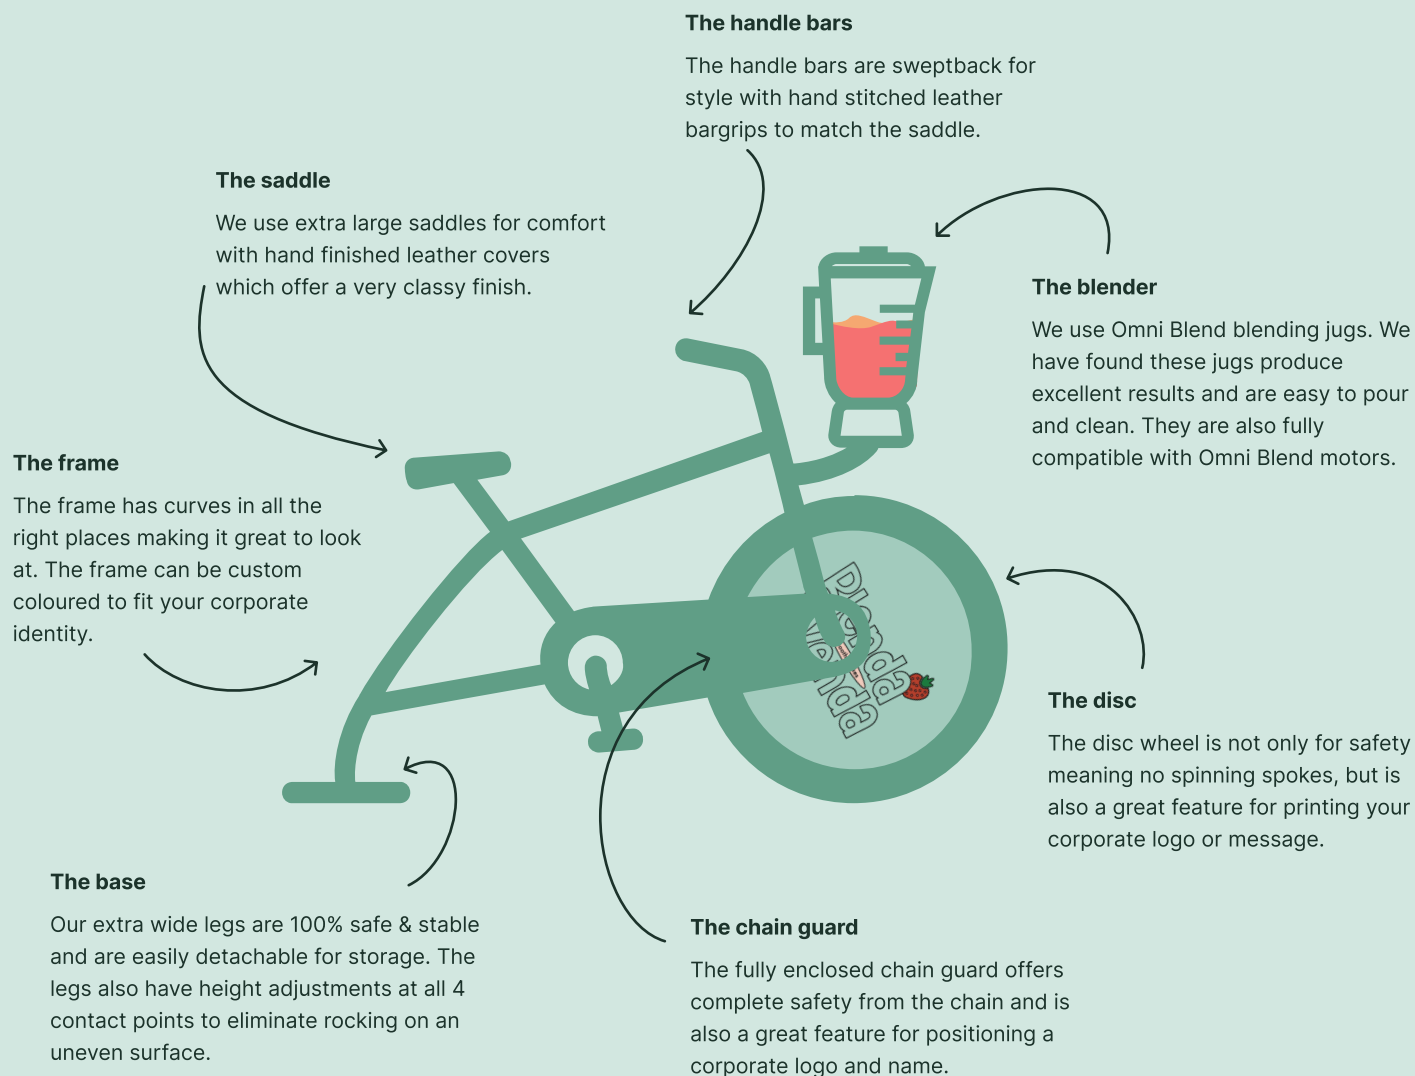

We can supply your event with between 1 and 6 Smoothie Bikes.

We bring along a service counter and freezer for the Smoothie Packs.

We can supply our Blendavenda Games Bike to add a competitive element to your event.

Branding

If you are hosting a promotional event or product launch, or taking part in an exhibition or conference, Blendavenda Smoothie Bikes provides an effective and simple way to enhance the experience of your audience.

To amplify the impact of your function, we offer bespoke branding which can be placed on:

- the wheel and safety guard of the Smoothie Bike
- the service counter
- the freezer
- the Smoothie Packs
- the smoothie cups

The frame of the Bike can also be resprayed in a colour of your choosing!

Our branding will not only enhance the aesthetic of your day, but it will also engage your audience in a fun way and make your event a memorable one.
